Summary

Highly motivated SOC Analyst with 2+ years of experience utilizing Palo Alto Networks' Cortex XDR, Xpanse, SecurityScorecard, BitSight, and Digital Shadows. Proven ability to analyze security incidents, investigate threats, and generate insightful reports that drive proactive security measures. Adept at identifying vulnerabilities, monitoring external threats, and improving overall security posture. Seeks to secure a position in a fast-paced and challenging environment.

Experience

- ACPL System Ltd** July 2023 - Present
Cyber Security Associate
As a SOC analyst at the client's side, my duties included
 - Utilized Cortex XDR to collect, analyze, and respond to security incidents in a timely manner.
 - Conducted threat hunting and investigations using Cortex Xpanse to identify potential threats and vulnerabilities within the organization's environment.
 - Leveraged SecurityScorecard to assess the security posture of the organization and identify areas for improvement.
 - Monitored external threats using BitSight and Digital Shadows to track the organization's mention on the dark web and proactively mitigate potential breaches.
 - Prepared weekly and monthly reports summarizing security incidents, trends, and recommendations and reporting to the team lead on shift updates.
- Motherson Technology Service Ltd(MTSL)** June 2022 - July2023
Security Analyst
Worked as a Pentester with Client Carrier Technologies India Ltd.
Where I work in Web pentesting, and Thick pentesting, automating the Android pentesting using python.
- PurpleSynapz** Mar 2022 - June 2022
Cyber Security Intern
Throughout my internship at Purplesynapz, I have gained a good amount of knowledge on various domain of security. During internship I have worked on multiple modules starting from Network Fundamentals, Wireshark, Linux security, Windows Security, Cloud Security, Ethical Hacking, Siem, Checkpoint Firewall.
- J.k.Paper Ltd** Nov 2020 - Nov 2021
Apprentice trainee
As a trainee engineer I was responsible for Issuing work permits, managing manpower, inspecting work done, Planning for shutdown jobs.

Education

- **Orissa Engineering College**
BTech Mechanic Engineering
7.4 Cgpa

2020

Technical Skills

- - Networking
 - Web Pentesting
 - Thick client pentesting
 - Mobile Pentesting
 - Firewall
 - Burpsuite, Wireshark
 - CFF explorer
 - Process Hacker,
 - Processor Monitor, Frida, Objection, Nmap, Mobsf, Drozer, JDB
 - AWS Cloud
 - Cortex XDR
 - Cortex Xpanse
 - Security Scorecard
 - Digital Shadows
 - Bitsight
 - XSOAR

Certifications

- - Certified Appsec Practitioner (CAP) From SecOps Group Ethical Hacking
 - Essential (EHE) From Ec-council Certification of Achievement Vulnerability
 - Assessment and Penetration Testing (VAPT) from Purplesynapz
 - Certificate of completion to Introduction to Python From Carrier
 - Beacon certifications on XDR , Xpnase and XSOAR (ongoing)

Achievements
